FUTURE STARS DEVELOPMENT

At Tennis Dynamics, we know little kids like big fun. This entry level junior development program is designed to introduce young tennis players to the fundamentals. The Future Stars Tennis program shows children the game of tennis in a fun and rewarding way.

Children develop self-confidence through a careful progression of tennis games and basic drills designed to teach the basics and foster a love for the sport. With great organization and planning, children spend their time on the court with new friends running, learning, and laughing. The equipment we use helps the learning process. Through encouragement and gentle instruction we create a positive and fun atmosphere. Additionally, youngsters will learn tennis etiquette, score keeping, and the rules of the game.

This group is made up of similar-aged and similarly skilled beginner tennis players who are looking to improve their on court skills. The children will learn technique and footwork skills while in the class.

POLICIES:

Registration is open to any youngster who wants to learn the sport of tennis.

Payment is required in advance of attending the first lesson.

The coaches have the right to change the participant's class if they do not meet the minimum requirements.
