151 Manning Rd., Marietta, GA. 30064

## **JUNIOR Development 1**

**The Junior Development Level 1 program is the next step in our academy for young juniors. It offers more than regular “clinic or league programs.” The class is made up of youngsters who are the same general age and skill level and desire to move to the next level.**

**This group is a transition group from the Future Stars and QuickStart classes. The class is longer and the emphasis begins on developing the strokes. It is a pathway to the other Academy programs. The next step in the developmental process would be twice a week for Junior Development Plus.**

**For players committed to improving fundamentals, this program is ideal. With time and effort, their games will improve. They'll work on groundstrokes, volleys, serve, and overhead. Classes are split into drills and fundamentals, with play situations. Some doubles play is included throughout the semester.**

**A variety of drills are utilized to teach players the basic strokes for the forehand, backhand, volleys and serve. Some work is done on learning to rally the ball.**

**Focus on fundamentally sound technique.**

**We will refine foundational tennis by learning to rally, the basics of sound forehands, backhands and serves. Our goal is to prepare for playing games and sets and generally learn tennis match play.**

**Learning concepts in good sportsmanship.**

**There are no make-up drills. In the case of inclement weather we meet inside and go over scoring, mental themes and a variety of other concepts. Some light physical fitness work may be included.**

**On cold wintery days we will meet outside for as long as we can so dress in layers.**

**On hot summer days make sure to bring a hat and plenty of water to drink.**
